Letter No.C.99/22-23 dated 28th March 1923, from the Deputy Commissioner, Tumkur District, to the Muzrai Commissioner in Mysore:-

---

"Referring to Muzrai Secretary's letter No.2350/Muz.528-20-6 dated 10th November 1921 re: the resumption of the inam lands endowed to the chattram at Mayasandra in the Turvekere Sub Taluk, I have the honor to state as follows:--

2. On receipt of the Government Order quoted above, the then Deputy Commissioner Mr. Ananda Rao Sirsi, requested the Sub Division Officer, Gubbi, to submit a report after taking action as per instructions of Government. The Sub Division Officer (Mr.M.N.Balaraj Urs) after personally inspecting the building reported on 27th January 22, that the agent of the Inamdar had occupied half the portion of the building, and was living there with his family, and that the chattram was hardly of any use to the public. My predecessor (Mr. M.G. - Krishnaswami Rao) had reserved the record for personal inspection, before submitting a report to Government, but as he could not do so, owing to pressure of work, the file had been asked to be placed before me, and I inspected the chattram on the 10th instant. Notices were issued to the Inamdars, apprising them of the intended inspection The agent to the Inamdars Mr. Garudachar was present.

3. As observed by the Sub Division Officer, I found the Inamdar's agent with his family occupying the left wing, marked red in the sketch, which is the only habitable portion of the building. Even room C, which the agent showed me as being available for travellers was found to contain a double cot, and it was ascertained he was using it as his sleeping apartment. The walls of the other rooms and kitchens etc., are all very badly cracked, rendering them unsafe for habitation. It was in fact a matter of some surprise that since the inspection of Mr. Balaraj Urs, absolutely nothing had been done in the matter of repairs. In fact even the broken and unserviceable bamboos, most of which were found out of joint, and liable to fall off any moment, had not been replaced and the whole building was full of cob-webs and dirt, thus presenting a woe-begone appearance. But the remaining portion of the building also appeared to be under his use, as was indicated by the tethering of cattle and the presence of a trough for their use, in the both room, said to be intended for the

the use of the public. To add to all this, there is only door for the privy in the back yard, to be used not only by the of the agent's family but by others who might come to stop in the chattram.

4. Room B at the other end was said to be under the temporary occupation of the English teacher of the place, while Room A in the front vernadah was said to be occupied by/a gold smith for the past eight or nine months, as he was doing some work for the agent. The whole structure has thus more or less the appearance of private residential quarters than that of a public chattram.

5. The Inamdar has been given ample opportunities to put the building in a habitable condition. But from what has been stated in the foregoing paras, it will be seen that he has allowed things to drift from bad to worse. The conditions of the grant have been abused, and the object of Government in endowing the chattram with a vast extent of inam lands frustrated. The plea of the agent that he had heard that there was a proposal to shift the chattram to the extension, and this disuaded him from undertaking any repairs, must be rejected as an afterthought, as enquiries show that a site had been reserved in the new extension, as some raiyat had promised to construct a charitable chattram, but as the man was dead, and his sons were not willing to give effect to his desire, the matter had been dropped. Beyond this there is no foundation for this statement. The Panchayet members, who were present during the inspection, while furnishing the above information added, when questioned that it would be desirable if this chattram, which enjoyed Government inam, were shifted to the extension when the object of Government would be fulfilled.

6. The Deputy Amildar of Turvekere in his D.O.No.43 dated the 21st instant, states that the inam lands have been leased out by the agent on vara and kanaayam tenure, and they yield an annual income of Rs.300/-. Deducting from this, a sum of Rs.186/- which the agent pays to Mrs.--Krishna Iyengar, the widow of the inamdar, there is left a net balance of Rs.114/- which should, properly speaking, be devoted to the repairs of the building. But as explained above, this money, it must be said, is being used otherwise.

7. In these circumstances, I am of opinion that the inam lands may be

may be temporarily resumed to Government, as recommended by my predecessor.

8. The vernacular file is herewith submitted."
